AMES CITY DIRECTORY

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*YELLOW SECTION*", where the advertiser may explain in greater detail the services or products he has to offer.

5

A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 1000 city, county, state and national Directories, present to subscribers and the general public, this, the 1961 edition of the Ames City Directory, which also includes Cambridge, Collins, Colo, Fernald, Gilbert, Huxley, Kelley, Maxwell, McCallsburg, Nevada, Roland, Slater, Story City, Zearing, and the farmers of Story County.

Confidence in the growth of Ames' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ames to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ames Directory will fulfill its mission as a source of authentic information pertaining to the community.

Nine Major Departments

The nine major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Ames, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Ames is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ames, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, for Ames, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY for Ames is the fourth major department, printed on blue paper.

V. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns of Nevada is the fifth major department, printed on white paper.

VI. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE for Nevada, is the sixth major department, printed on green paper.

VII. THE NUMERICAL TELEPHONE DIRECTORY for Nevada is the seventh major department, printed on blue paper.

VIII. THE STORY COUNTY DIRECTORY, covering the small towns of the county, is the eighth major department, printed on white paper.

IX. THE STORY COUNTY FARMERS DIRECTORY is the ninth major department, printed on white paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Ames and vicinity.

The Ames Directory Library

Through the courtesy of the publishers of the Ames City Directory, a Directory Library is maintained in the offices of the Ames Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

The National Animal Disease Laboratory, U. S. Department of Agriculture, in Ames, Iowa, is known as a research laboratory and this will be its principal function. However, about 20 % of the facilities will be used for other purposes. The Animal Disease and Parasite Research Division,

The National Animal Disease Laboratory

whose function is research on all animal diseases, both domestic and exotic, will center its principal work here. The laboratory at Ames will expect to conduct studies on the more important diseases afflicting livestock in this country. It is expected that at least 25 major research projects will be carried on continually, and these will include diseases of cattle, swine, sheep and poultry with some attention being given horses and minor species.

When the laboratory is fully operative it is estimated that from 400 to 500 persons will be on the payroll. Of these, from 75 to 125 will be scientific and technical employees; the remainder will be engineers, mechanics, tradesmen, groundsmen, laborers, and office employees. The initial operating budget will be in the neighborhood of \$5,000,000.00.

The total cost of the project will be approximately \$16,000,000.00. The laboratory layout runs one mile north and south and one-half mile east and west. The closest approach to the site from Ames is to go east on 13th Street to Dayton Road and turn north.

Total Plant, \$55,558,333.

The total operating funds received by Iowa State University during the fiscal year ending June 30, 1960 from all sources was \$33,808,384.

For the year, the university received \$1,991,126 in student educational fees and tuition.

For the year, the university received \$11,887,067 in state appropriations.

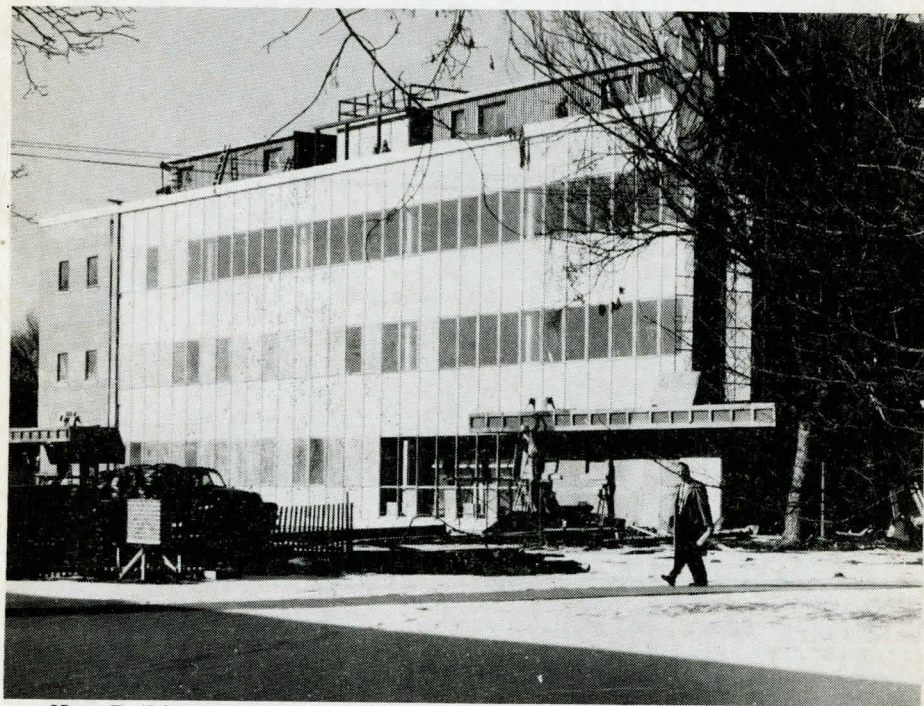

For the year, the university received \$2,151,208 in federal appropriations.

Colleges within the University: Agriculture, Engineering, Science and Humanities, Home Economics, Veterinary Medicine, Graduate.

A national leader in its field, the university has a three-fold function: It offers resident instruction on both the undergraduate and the graduate level; It maintains an extensive program of research; It reaches every corner of the state through extension services in agriculture, home economics and engineering.

The research facilities of the university include the Agriculture Experiment Station, the Engineering Experiment Station, the Institute for Atomic Research, the Industrial Science Research Institute, the Statistical Laboratory and the Veterinary Medical Research Institute.

The U. S. Atomic Energy Commission has a major laboratory for basic research on the campus, operated as an integral part of the Institute for Atomic Research.

New Building addition to the central offices of the Iowa State Highway Commission in Ames. It is expected to be completed in May 1961.

The Iowa State Highway Commission

The Iowa State Highway Commission was created in 1904 as a function of the Engineering Division of Iowa State University. In 1913 it was established as an independent department of the State government.

The office at Ames is the headquarters for the state. In addition, there are six districts, 26 residencies and 24 maintenance offices located throughout the state.

The physical plant on Lincoln Way consists of one main office building, six annex office buildings, testing laboratory, storage buildings, garages and a central repair shop and heating plant.

The Highway Commission has supervision over 8,711 miles of rural primary, 1,072 miles of primary extensions in cities and towns, 249 miles of state park and institution roads and joint control with the 99 boards of supervisors over 90,684 miles of secondary roads. The annual business in fiscal 1959-1960, \$102,453,876.62, expenditures on primary roads for construction, maintenance, right-of-way, engineering, traffic safety, accounting and legal counsel, and \$23,126,178.64 expenditures on farm-to-market road construction. Since the first law was enacted in 1917, accepting Federal aid, \$1,383,220,355.57 has been spent on the primary road and farm-to-market road system under the Commission's supervision.

The Commission employs 3,384 engineers, administrative assistants and maintenance men in all of its departments of which 850 are located at Ames.

The Commission, on request, renders engineering assistance to various other state departments. This includes the making of surveys and preparation of plans and general supervision of construction and maintenance of public highways upon or adjacent to lands belonging to the state at the various educational, charitable and penal institutions, and at state parks, engineering assistance to the executive council on street improvements on and adjacent to the capitol grounds, assistance to the National Guard on projects in connection with the National Guard camp, various other technical matters which may come before such other state departments.

Ames Public Schools

With modern, well-equipped school buildings and with modern educational philosophies and practices, the Ames Public Schools offer a splendid opportunity for the education of the children of the City. The school plant comprises fourteen buildings, with a present total new replacement value of \$7,680,000. This plant includes the downtown High School building with its splendid auditorium and gymnasium facilities; the Central Junior High School; the Welch Junior High and Elementary School; the Beardshear, Crawford, Edwards, Lincoln, North Grant, Meeker, Roosevelt and Willson Elementary Schools; the Field House and equipment; the first unit of a new Senior High School. A fine stadium and lighted athletic field also are a part of the school plant.

Pupil enrollment in October 1960 was 4,570. The teaching staff numbers 222, and there are 46 other personnel—secretaries, cafeteria ladies and custodians. The Ames Schools have a fine staff of supervisors who give guidance in the curriculum areas at all levels.

During the past twelve years seven different bond issues have successfully carried to authorize the construction of three new elementary schools, additions to five elementary schools, remodeling of the junior high school facilities and to begin a new Senior High School. There were a total of 41 elementary classrooms with related facilities and 23 secondary classrooms in these construction projects. The new Senior High School is being constructed a unit at a time as funds permit on a beautiful, spacious, 74 acre site. Some additional well-located sites have been acquired upon which to build more schools to meet the needs of the growing

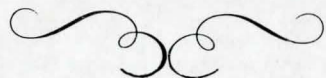

enrollment. While the enrollment of the Ames Public Schools has been increasing by about 250 children each year, the average teaching load has been kept below 30 children per teacher by providing additional classroom space and more teachers.

Conclusion

From the foregoing factual data, it can be seen that Ames offers many advantages—social, economic, educational. It has an exceptionally high health rating; it is a city of beautiful homes, situated in one of the fairest states in the land, in the heart of the world's wealthiest agricultural region. Ames possesses virtually every element vital to the social and economic welfare and personal happiness of the individual, and every element of success for the small business or small industry.

Ames is truly a CITY OF OPPORTUNITY.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

Please! Do Not Lend Your
CITY DIRECTORY

IT COSTS YOU MONEY — Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

POLK'S AMES

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1961

Copyright, 1961, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

*Fair Practice Code
 for Advertising and Selling
 recommended by the Association of
 Better Business Bureaus, Inc.*

- I. Serve the public with honest values.
- II. Tell the truth about what is offered.
- III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.
- IV. Tell customers what they want to know — what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.
- V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.
- VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.
- VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.
- VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.
- IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.
- X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

Statistical Review

Location—In the geographic center and the county seat of 50,000 population Story County. Bisected by U. S. Highway 30 and on the main line of the Chicago and Northwestern and on the Rock Island railroad running from the Twin Cities to Kansas City. Excellent bus service all directions with good connections for motor freight deliveries.

Housing has boomed in Nevada. A population growth from 3750 to 4230 in 10 years has seen two new "additions" fill with modern homes like these in southeast Nevada. Two new additions are being completed now.

Agricultural Wealth—Nevada is located nearly in the geographic center of the state and centers one of the greatest agricultural areas in the world. The County Extension office is located here with all the activities of a scientific and educational program for Story County farmers and their children. There is also the ASC office, administering government programs for Story County agriculturalists, and the SCD department, handling conservation projects on county farmlands. In 1959 Story County raised 12,594,676 bushels of corn.

Weather—Rainfall—Averages 35 inches per year.

Municipal Bonded Debt—\$9,000 general obligation bonds (Jan. 1, 1961).

Trade Area—Farmer's trade center for greater part of Story County.

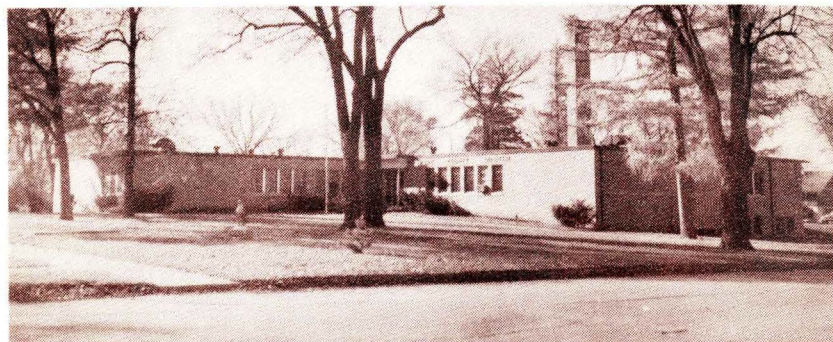

Utilities—Natural gas, Iowa Electric Light and Power Company, city water, 188 blocks of paved streets, new \$250,000 sewage disposal plant planned for construction.

Nevada's Reuben H. Donnelley plant employs 500 persons and in peak operation twice that number. It's the towns largest employer and exerts a tremendous force in Nevada's community life.

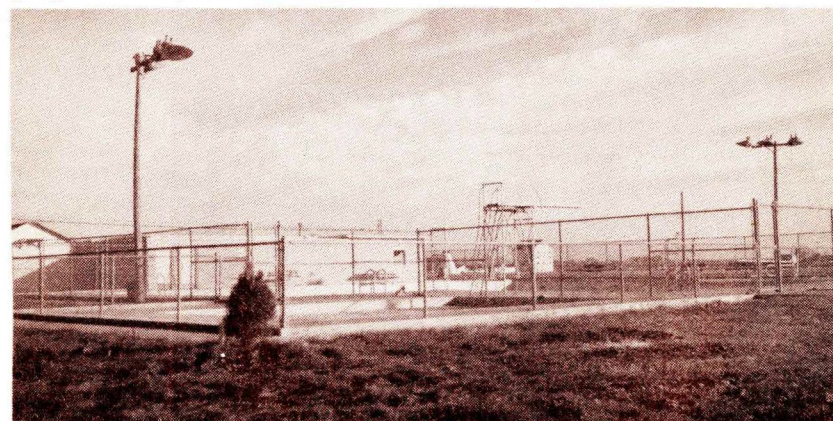

Business—Approximately 165 retail establishments, 17 industries; 2 banks with deposits of about \$11,000,000, plus Nevada Federal Home Loan and National Farm Loan establishments; Reuben H. Donnelley Corp. plant employing 500 persons; General Telephone system serving six communities; Gutknecht Enterprises manufacturing Go-Karts, powered scooters; Graphic Forms, employing 100, printing sales forms; Continental Fertilizer; and the Nevada Brick and Tile Factory; Municipal airport. Only eight miles from multi-million dollar National Animal Disease Laboratory. One modern hotel and three motels. Two cabin and trailer camps. Federal Post Office is one of largest in the U. S. for community of 4300 people. Gross receipts for 1960: \$2,833,000. Community served by six day daily newspaper with a circulation of nearly 4000.

Health—Community has four medical doctors, two osteopaths and two chiropractors. Nevada is the site of a \$400,000 county hospital built in 1951 and recognized as one of the most modern and efficient for its size in the U. S..

The Story County Hospital in Nevada. Modern \$400,000 structure erected in 1951.

Recreation—Lighted baseball park, fieldhouse, football field, summer softball leagues, three gymnasiums, motion picture theatre, country club, and grass green golf course, \$75,000 swimming pool completed in 1957, new \$300,000 community building to be built soon, along with two tennis courts and an outdoor basketball court to be used for ice skating in winter. Two beautiful parks supplement city recreational assets and a continuous program of improvement is handled by the City Park Board.

Nevada's new (1957) swimming pool was built with \$75,000 in donated money. Kids from all over East Story County come here to take part in summer Red Cross water safety programs and just to have fun.

Social Organizations—Rotary, Lions, Wa-Tan-Ye, Soroptimist, Toastmaster International, Womans Club groups, Hiking and Camping Associations, Boating Club, Boys and Girl Scouts, Brownies and Cubs, Golden Age Club, VFW, American Legion and Auxiliaries, Rebekah, Masonic, Odd Fellow Lodges, Eastern Star and two restricted membership study clubs.

Education—A new \$600,000 high school, scheduled for construction in the summer of 1961, will highlight several years of growth into the strongest and most centrally located system in the county. An enrollment of 1229 was registered in 1960, with 320 in high school. A new \$200,000 elementary school was built about five years ago. The Seventh Day Adventist Church also operates a high school in Nevada with about 125 pupils attending Oak Park Academy and an S.D.A. Parochial grade school. The City maintains an excellent library with in excess of 9000 volumes.

Fire Protection—A highly-trained volunteer unit with a full-time paid chief. It operates city and rural units equipped with two way radio. Fire loss is extremely small.

A community-improvement program, in progress in 1961, will bring a 12-township economic trade survey to Nevada by the Chamber of Commerce... an indication that the town's 19 percent population growth in the last 10 years will be sustained in the coming years by an active and alert citizenry anxious to maintain Nevada's reputation as a good business town and an excellent place to raise a family.

City Park Board funds have helped turn Nevada's 4-H grounds into a summer recreational park for children and adults. West Indian Creek meanders down along the south edge of the grounds. In late summer Story County youngsters use the barns for a big 4-H fair.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

POLK'S NEVADA

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1961

Copyright, 1961, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

"A Real Necessity in Every Office"—The City Directory

WE BELIEVE IN AMES

Everyone recognizes the value of organized effort. The Ames Chamber of Commerce represents organized effort in building the community, promoting civic projects, and making our city a finer place in which to live.

A Board of Directors determines the policies. A program of work is carried on by the following organized Divisions:

•
Civic Division

•
Industry and Agriculture

•
Retail Division

•
